H2O App: Privacy Policy

Introduction

Welcome to H2O 4S App. This Privacy Policy explains how we collect, use, and protect your information when you use our app for security, monitoring, and workforce management on construction sites. The app is part of the Provision and Operation of Smart Site Safety System for Appointed Contracts of the Drainage Services Department.

Information We Collect

We collect the following information to provide and improve our services:

- **Email:** Necessary for logging into the management system. To register a new account, please contact the system administration through the designated channel.
- **Phone number:** Construction workers must register their phone number with the management system through their supervisor using the app.
- **Bluetooth:** The asset-tracking module in the app uses Bluetooth to help users identify nearby BLE-tagged construction assets.
- **Location:** The app requests user location when conducting approval for a location-based working permit.

How We Use Your Information

The information we collect is used for the following purposes:

- Account Management: To create and manage user accounts within the app.
- Security and Monitoring: To enhance the safety and security of construction sites.
- Workforce Management: To streamline operations and optimize resource management on construction sites.

Data Security

We take reasonable measures to protect your information from unauthorized access, use, or disclosure. However, no method of transmission over the internet or electronic storage is completely secure.

Your Rights

You have the right to access, update, or delete your personal information. If you have any questions or requests regarding your data, please contact us through the appointed channels.

Contact Us

If you have any inquiries regarding this Privacy Policy, please reach out to us through email at info@sagadigits.com or call (852) 3465 5803
